### Duties:

The Massachusetts Office of Technical Assistance and Technology (OTA) is seeking a part time graduate student intern to assist OTA in providing assistance to companies in reducing chemical, energy and water use in their operations.

The intern will

1. Participate in visits to facilities to review manufacturing operations
2. Assist in preparing reports on possible process modifications, chemical alternatives, cleaner energy, and water conservation options.

### Qualifications:

Please see Preferred Qualifications

### Preferred Qualifications:

Candidates for this position must possess:

1. The ability to understand diverse industrial processes
2. Excellent research and communications skills
3. The personal capacity to be a constructive team member
4. Preferred graduate student candidates should be in a science or engineering program.

Knowledge of toxics use reduction and an environmental background are highly desirable.

**Comments:**

This is a Spring semester internship starting immediately in January and concluding June 30, 2010. The intern will work approximately 14 hours a week. There are no benefits associated with this position.

Hourly rate is commensurate with experience.

On-line submission is strongly preferred.

If you do not wish to apply for this position on-line, and would prefer to send your resume and cover letter by mail, please send to:

Executive Office of Energy and Environmental Affairs  
100 Cambridge Street, Suite 900  
Boston, MA 02114  
Attn: Pauline Christopher, Personnel Analyst

Applicants who are unable to apply online due to disability are asked to contact Pauline Christopher at 617-626-1019.
